EMPLOYED THROUGH RE:IMAGINE**

INTERNAL JOB PLACEMENTS:

In 2023, we're living out our mission by hiring apprentices for our own team. Graduates from our programming are working 30 hours a week for social media creation and management, communications, and assisting department directors to produce workshops and community-based events.

RE:IMAGINE'S **Employment Social Enterprise** provides on-the-job training and paid work to our youth apprentices as we produce original content for clients. This client-based work results in high-quality storytelling and JOBS for our youth. *Clients include Microsoft, NBC Universal, and CareerRise.*

EXTERNAL JOB PLACEMENTS:

We have established paid internships and paid on-set partnerships with the following organizations, *WABE, Beam Imagination, Trade School, Georgia Entertainment News, Arrhythmia Films, South River Watershed Alliance, and more.*

"As I continue my journey, RE:IMAGINE has been a persistent force in aiding me through my personal and professional development. RE:IMAGINE is more than a workforce & arts organization, it's a community of people who want to see you thrive."
